📄 PROFILE

I'm a freelance full stack web developer, early in my journey but fully committed to proving myself. Your project won't be just another job to me. It's a chance to build something meaningful. As one of my first clients, it's very important to me that I make this work for you and for me. I guarantee you that I'm the most hardworking person you'll ever see.

👛 PROFESSIONAL EXPERIENCE

Freelance Full Stack Web Developer

Self Employed

2024 – Current

- Built real-time chat applications using **Firebase Realtime Database, Authentication, and React**.
- Developed admin-user messaging systems with dynamic routing and conditional rendering.
- Built and deployed websites with CMS functionality using **Supabase** and **Next.js**.
- Handled both **frontend (UI, routing, styling)** and **backend (auth, database logic)** with clean and modular code.
- Integrated dashboards and CRUD features for clients needing editable content.

Freelance Front end Developer

Self Employed

2023 – 2024

- Created more than 10 responsive and fast-loading websites using **React, Next.js, and Tailwind CSS**.
- Specialized in mobile-first design, clean UI/UX, and SEO best practices.
- Worked with clients from various industries to deliver custom front-end solutions.
- Deployed projects via **Netlify** and handled code versioning with **Git/GitHub**.
